Moderation League Meeting At Chauvin

The opening meeting of the liquor referendum campaign was held in Chauvin last Saturday night by a public meeting addressed by speakers from the Moderation League.

The chair was occupied by Major H. Strachan, V.C., who briefly introduced the visitors.

Mr. B. C. Thompson of Calgary was the first speaker. He said that the Moderation League was organized to carry clause "D" on the ballot paper. In the League were men of all shades of politics. He outlined the history of the Liquor Act, stating that the present state of things was entirely different from the original proposals.

He had voted to abolish the bars but it was now the duty of each individual to determine in his own mind whether or not prohibition had been a success after seven years. He also urged that everybody get out and see that their names were placed upon the voters list, and that a special effort be made to get the silent vote to the poll.

Mr. A. L. Giroux of Edmonton stated that this was his second visit to Chauvin and recalled his visit to the St. John Celebration in 1917. The present question was one of political welfare of the country.

Emphasizing the moral side of the issue he said that to drink liquors was not a sin, and the law of the country should not make it a crime. We cannot sterilize society from temptation.

Prohibition had never been successful, China tried prohibition 3000 years ago and bred worse evils—she had given the world opium. Prohibition in Turkey was likewise a failure, as witness her atrocities in Armenia, her slaughter of women and children throughout recent times until the recent despicable behaviour in Smyrna. Women's status in Turkey and Morocco under a prohibition regime was very low and undesirable.

From the economic viewpoint prohibition had been a failure in Alberta we now had stagnation and emigration the government had cut down grants to schools discharged 20 school

inspectors, had no money to build roads, increased taxation and paid fat salaries to legislators. In B. C. a surplus of a million and a half had been applied to roads and education.

Whilst in Quebec, which had the least debt of any province in Canada, they had the lowest rate of taxation, and derived four million dollars from the sale of liquors—seventy per cent of which was consumed in prohibition areas. The consumption of liquor in Quebec had decreased seventeen per cent.

He quoted the blue of laws in eastern states had prohibited a person from bathing from November to March without a doctor's prescription; and the law that ducked the gossipy woman; and forecasted that the present prohibition blue law would suffer the same fate as these predecessors.

Col. W. A. Weaver opened his speech by referring proudly to the record attained by the "C" squadron of the Alberta Dragoons. They had established a record second to none in Western Canada. Personal liberty has

been fought for during the past centuries, by French and British alike, and had only been obtained at cost of great sacrifice. In the past war 60,000 lives had been spent to attain

the National Anthem.

Mr. A. L. Giroux delivered an address upon the question after Mass Sunday morning.

Pelican Notes

Trainmaster and Mrs. C. G. Smith of Turton, Missouri, are visitors at the home of Mrs. H. B. Thomas, J.P.

Threshing is in full swing in this district with most crops at least fairly good.

The members of Heard Bros. threshing crew witnessed a unique and rather interesting spectacle on Tuesday afternoon. It was none other than Will Thorpe on the oil wagon. At last the spell is broken, Bill.

And now for the Devil's punch bowl prohibition or no.

Pes Bill Shaver is still happy all the —?

Sunflowers and threshing—but never mind, Fred every dog has his day. Oh, its four o'clock in the morning.

And now that a chime is mastered, will a pipe organ be next, Fred?

A case of apples will keep the doctor away for many days. \$1.25 per case at Sakers.

(Continued from preceding column) personal liberty, and to prevent us being compelled to practise the prussian goose step.. No nation became great that prohibited personal liberty. Prohibition was a restriction of personal liberty. Our friends the prohibitionists, he added, are fond of quoting figures favorable to their contentions. They cited crime has decreased seven per cent in Alberta, but did not state that there is an increase in dry Saskatchewan, whilst in terrible B. C., there has been a decrease, not of seven per cent, but of twenty-one per cent. Supt. Bryan A.P.P., in his report states that the liquor act has thrown an onerous duty upon the police public sentiment not being behind it. The liquor act, Col. Weaver added was scandalous—a reversion of the principles of British justice which put the onus of proof on the accuser; it took away from the ordinary man the right of appeal. It used physical force where moral suasion should be used, it engendered suspicion and hatred. True temperance could alone be attained by moral influence of home, school and church.

At this juncture an opportunity was given for opposition speakers to take the platform and questions were invited. This privilege not being availed of.

J. A. Clarke ex-mayor of Edmonton stated that he had discovered why he had been twice defeated in his campaign for mayorship of Edmonton for he found so many of his friends in the country. He stated that the 2000 legislators who received \$250 for 10 hours session were responsible for the ballot as presented to the electorate.

Its authors were Messrs Wyte, McLaulin and Davidson who should undertake to explain its meaning.

It was our duty to decide for ourselves that which caused the least harm and promised the greatest good in the questions now presented.

Messrs Strachan, Saul, MacKenzie and D'Albertanson were appointed a local committee, after which the meeting dismissed, having sung the National Anthem.

Mr. A. L. Giroux delivered an address upon the question after Mass Sunday morning.

Presentation To

Mrs. W. Millar

On Friday evening of last week, the members of the Westminster Ladies Auxiliary gathered at the home of Mrs. G. McNutt and spent a very pleasant social evening. A dainty lunch was served by Mrs. McNutt assisted by Mrs. McBechnie and Mrs. Foxwell. At the conclusion of the repast Mrs. H. N. Freeman on behalf of the members of the Auxiliary read an address to Mrs. Millar in which they testified their appreciation of her work whilst amongst them and expressed their good wishes for her in new home, and presented her with a case of silver knives.

Mrs. Millar thanked the ladies for their good wishes and gift which she would take with her to her new home as a remembrance of them.

Basket Ball Notes

On Saturday last the Chauvin Basketball team journeyed to Ribstone and played a game with the Ribstone team resulting in a victory for Chauvin; the score being Chauvin 9, Ribstone 8. Mr. Cecil Burton acted as referee. The game was one of the best played this season.

Mr. Geo. Reynolds and Mr. Leach conveyed the Chauvin players to Ribstone.

Chauvin School Fair Was Successful Event

Chauvin High School gained the highest total at the school fair so will receive the government diploma.

Lloyd Reynolds received the highest number of points among the boys so will be given the short course at Olds School of Agriculture.

Jean McSporran received the highest number of points among the girls so will also be given the course at Olds School of Agriculture.

Tuesday last September 25th the Chauvin School Fair was held in the Agricultural grounds. The proceedings opened with a parade of the different schools in the district. The procession presented a gay appearance with banners and decorated vehicles and gaily attired children.

On reaching the grounds the procession broke up with a final shouting of the school yell. After which the judging of the various exhibits proceeded.

The quality of the exhibits was excellent especially in the art classes, the judge remarking that it was the best exhibition he had seen this year in the school fairs. He also asked that the 1st and 2nd prize exhibits in the art classes be kept for him as he wished to have an exhibition of them.

Good exhibits were also shown in the vegetable and live stock classes.

Messrs T. O. Clarke, Kenneth Prior, Benn and Nelson, and Mrs. D. J. Christi Mis Dominy, and Miss J. Cairns acted as judges for the various classes of the exhibits.

MILLINERY DISPLAY

Miss Coleman Milliner of Wainwright will visit Chauvin on Tuesday and Wednesday, October 16th and 17th; with a choice selection of ladies and children's fall hats. You are cordially invited to come and inspect them at Roy's store.

School)
1st St. Aubins; 2nd Chauvin; 3rd
Butzerville.

A interesting baseball game was
played between Chauvin and St. Au-
bins. Chauvin being the winning
team.

Winter Flowering Bulbs

BY A LOCAL GARDENER

Polyanthus Narcissus—These are a
very fine variety producing a profu-
sion of sweet scented flowers for best
effect, two or three bulbs should be
planted in one five inch pot, or in
boxes two inches apart.

Soil and cultural methods are the
same as for Hyacinths and tulips.

* * *

Chinodoxa (Glory of the Snow)—A
class of hardy bulbs of dwarf habit
very suitable for growing indoors.
Each bulb produces several graceful
flower spikes about six inches long,
the flowers are star shaped azure blue
with a white centre and a prettiness
all its own.

* * *

Scilla Siberica (Star Hyacinth)—is
another hardy bulb of dwarf habit,
and is easily grown in the house. The
flowers are light blue star shaped re-
sembling the Chinodoxa. It should
be grown slowly, retarding the growth
as much as possible so as to bring it
into bloom in the early spring.

* * *

Ixia, (African Corn Lily)—A flow-
er of very graceful habit; producing an
abundance of many colored flowers
on spikes about eight inches long. As
it most effective in masses plant six
bulbs in a five inch pot, or in boxes
two inches apart. When planting sur-
round the bulbs with about an inch
of clean coarse sand.

* * *

Oxalis or Bermuda Buttercup—A
most desirable plant for growing in-
doors. It is a very robust grower and
produces an abundance of bright yellow
flowers. One bulb is sufficient
for a five inch pot.

* * *

Sparaxis—Are of dwarf habit at-
taining a height of from six to ten
inches, a little like the Ixia. The
flowers are compact, in spikes of the
richest and most varied colors, spotted
and flaked with pure white, yellow,
orange, red, purple and violet.

They do well grown in pots or boxes,
five or six bulbs in a five inch pot
or two inches apart in boxes in a rich
sandy loam, keep cool in partial shade
until they begin to grow, when they
should receive light and water.

Inspect New Reaper

Members and officials of the provin-
cial government headed by Hon. Geo.
Hoadley, minister of agriculture, paid
a visit to the farm of J. H. Hauser
of Killam, this week where Mr. Hauser
is perfecting a combination of in-
ventions to harvest grain without the
necessity of combination of inventions
to harvest grain without the necessity
of binding or stooking. Mr. Hauser
has successfully established a method
of reaping grain without use of binder
twine or stookers. He uses an ordi-
nary push binder with a 12-foot
swath, cutting to a five or six inch
stubble and laying the grain in win-
rows on this stubble. An exten-
sion attachment to the machine is dropped
on the second round of the field to
the level of the machine table thus
running the grain from the second
round out 24 feet laying it on top of
the first winrow. The grain dries
perfectly by laying on top of the stub-
ble. In threshing Mr. Hauser has
been using a loader with an elevator

which runs along the winrow and lifts
the grain into the loader. By a pat-
tent arrangement the grain is unloaded
from the loader at the separator in
neat stacks. Mr. Hauser's plan is
to perfect a combination of the loader
and thresher. So interested is the
government in Mr. Hauser's efforts

to perfect his ideas and solve to a
great extent the problem of harvest
labor, that it is considering steps to
assist him, and to procure the full
benefit of his operations for the farm-
ers of the province.

Eat More Bread—Fisher's Bakery

Use Sun Set Soap Dyes for all
light fabrics. They work wonders
with weather worn wraps, curtains
and light weight materials. For
heavier goods we advise Diamond
Dyes, all colors in stock. 15c per
package for either one.

of the
BANK OF MONTREAL

Ford

A Saving Of

\$300 and \$160

On the Sedan

On the Coupe

NOW

On or about January 1st, 1924, the Ford Motor
Co. of Canada, Ltd. will be in production on a
new Four-door Sedan and a new Coupe iden-
tical with those now being produced in the
United States. The prices on these new
models will be:

4-door Sedan - - \$985.00
Coupe - - - 755.00

We have on hand a limited number of the
present Coupe and Two-door Sedans which
can be obtained at the following prices:

2-door Sedan - - \$685.00
Coupe - - - 595.00

This frank statement of merchandising and
production policies is made to settle all the
rumors that have been circulated regarding Ford
cars and prices in Canada. The considerable
saving in price on present models gives you the
opportunity of driving your Ford closed car
this winter.

Prices of New Models

**4-door Sedan - \$985.00
Coupe - - - 755.00**

All prices quoted are F. O. B. Ford, Ontario
and do not include government taxes.

Prices of Present Models

**2-door Sedan - \$685.00
Coupe - - - 595.00**

With winter close at hand this differential in
price should be all the more attractive. You
can obtain the advantages of closed car comfort
and distinction by availing yourself now of
these prices.

Musings of a collector: "I ought to make a good detective. I'm always finding people out."

"How can I keep my toes from going to sleep?"

"Don't let them turn in."

It's all very well to throw care to the winds. But frequently the winds blow it all back

Haven't you forgotten something sir?" asked the waiter, as the distinguished diner was leaving the restaurante.

"More than you ever knew," was the curt reply.

A wise man will make every effort to remain a bachelor until he is quite

In a pound of honey there is said to be concentrated essence of 60,000 flowers.

Court Notes

Before Police Magistrate C. T. Lally of Wainwright.

Rene Page on complaint of Eddie Cote, was charged with common assault of Eddie Cote. Fined \$20.00 and \$16.50 costs.

Case dismissed.

Rene Page, on complaint of Eddie Cote was charged with pointing a gun at Eddie Cote. Case dismissed.

Ernest Page, on complaint of Eddie Cote was charged with assault causing bodily harm to complainant. Defendant was sent up for trial on the next Higher Court; and allowed out on bail in the sum of \$2,000.00.

Counsel for the prosecution: J. C. Landry and T. H. Saul.

Counsel for the Defence: J. A. MacKenzie.

The three other charges laid were withdrawn.

Hearing Wednesday from 1 o'clock to 6 o'clock p.m. Saturday from 1 o'clock to 7.15 p.m.

LOCAL NOTES

October the first: and we are picking ripe strawberries from our gardens in Chauvin.

Rev. W. Millar has terminated his ministry in Chauvin and leaves at an early date for Sintulta, Sask. He has been appointed in charge of an Indian school and mission at this point.

Rev. MacKenzie will conduct services at Edginglassie, Killarney and Chauvin next Sunday.

The weather during the past week has been entirely favorable to threshing operations which have been proceeding apace during the whole period.

First shipment of new crop pure water white grade clover honey arrived at Saker's last week.

Do not fail to inspect the display of Fall Millinery at Roy's Store on Tuesday and Wednesday October 16-17. Miss Coleman off Wainwright will be there with a nice range of moderately priced ready to wear hats for ladies and children. Hats to order will also be made by Miss Coleman in the latest models.

Miss Olive Folkins left last week to take a course of studies at the University of Alberta Edmonton. We wish Miss Folkins every success.

Mr. and Mrs. MacDonald of Stony Plain are visiting Mr. and Mrs. Freeman.

Mrs. Black who has spent the summer in Chauvin, returned to her home in Calgary on Sunday last, accompanied by Ruth Parcels.

We note that Saker's unloaded another car of fruit this week.

During the busy times of harvesting and threshing housewives and bachelors can save themselves considerable labor and time by buying their bread from J. P. Fisher, the Chauvin Baker.

Strachan Bros. have some twenty good grade heifers for sale and a number of pedigree bull calves of the same breed. These are very choice stock, and are well worth your consideration.

The Alberta stocker and feeder show and sale will be held at the Alberta stock yards Calgary, October 9 to 12.

Good glasses if you need them: good advice if you don't. Consult C. C. McKechnie if you have persistent headaches, or if you are troubled seeing to read, sew, knit, etc., C. C. McKechnie Graduate Optician, Chauvin
